SCENE. 28

My eyes

...

In-deed.

Itchy?

I think you're a little late on that.

Don't rub too hard, it'll leave a mark.

Could you have a look?

Shouldn't you see a doctor for that?

I could ask him over...

Can you at least check to see if it's worth going for?

Seems over-compli-cated.

Stay where you are.

I see...

Over here?

Where is it then?

Ah...

But I can't see anything...

I'm looking very hard.

Are you looking at the right place?

Hmm... Where exactly?

How strange...

It isn't itchy anymore...

Stop!

Nooo!

But it seemed like it was itching...

How about your neck?

Thank you.
